See step-by-step instructions below. If you have trouble, email the Teacher Training department at training@essentrics.com for additional guidance.

1. **Upload** your Teaching Hours Form and Written Evaluation to a computer (or smartphone, tablet, etc.) by either scanning or taking photos of each page. To avoid resubmitting, make sure documents are legible and easy to read:

2. **Send** uploaded images and videos to the Teacher Training Department by following the steps below.

How to Use Dropbox

The visuals of the steps below depend on the device you uploaded your materials to (website versus app).

1. **Sign in** / sign up: <https://www.dropbox.com/home>
2. **Click “Create Folder”** and name the folder (e.g., Jane Smith L3 Exam).
3. **Upload** your exam materials from your device to this folder.
 - On the Dropbox app, select the arrow in the upper right corner.
4. **Share** this folder with the Teacher Training Department.
 - Click “Share.”
 - Share the folder with: examsubmissions@essentrics.com
 - Leave the “can edit” option **ON**. This option is on the Dropbox website, but not on the free version of the app.
 - Feel free to leave a note, especially if there is something you want to bring to our attention about any of your exam materials. Include any arrangement made prior to your electronic submission.

Next Steps

After sharing your Dropbox folder, you will receive a confirmation email from the Teacher Training Department which includes details about the next steps of your evaluation and the expected timeframe. When it comes time to record and submit your videos (between Session 1 and Session 2), refer to the guidelines above and any instructions your examiner may give you. Refer to the Practical Evaluation Package for details about the recording process.

The evaluation process is an invaluable experience designed to provide you with encouraging and constructive feedback and the tools and confidence to keep moving forward as an instructor. You will receive a personalized assessment and Level 3 certificate upon successful completion.

Resubmission

In the case that you need to resubmit a portion of your exam, your examiner will guide you through the requirements and timeline. The resubmission process and fee include a video call with your examiner where they will instruct you on what to work on and help you successfully complete your Level 3 certification and confidently move forward into Level 4.
